## Summary

### UX/Product Designer with experience creating high-visibility websites and enterprise SaaS applications.

As a UX designer, my passion lies in crafting experiences that not only enhance users' everyday lives but also bring joy and delight. I believe in the power of design to make a meaningful difference and am committed to creating products that are empowering and accessible. From ideation to launch, I take a holistic approach to the design process, ensuring that every aspect of the product is user-centered and driven by business objectives.

## Experience

### Agileana

Lead UX Designer  
Aug 2023 - Present  
Brambleton, VA - Remote

- Led discovery, workshops, research, user testing, information architecture, and design for **high-visibility websites such as The National Archives Museum and USCourts.gov**. (both launching soon)
- Established design system for US Courts
- Ensured design deliverables were accessible and met WCAG requirements
- Collaborated with developers, stakeholders, and project managers ensuring a seamless delivery in a fast-paced environment

### Eptura

Senior Product Designer - Contract  
Sept 2022 - Mar 2023  
Atlanta, GA - Remote

- End-to-end product design for mobile and web products (enterprise SaaS) including wireframes, high-fidelity mockups, user flows, and prototypes
- **Created highly usable designs** that when tested were given **"high confidence" scores** by the research team
- Collaborated and communicated frequently with engineering, product management, research, and content teams
- Contributed to and leveraged design system

### Availta

Owner, Product Designer, Web Designer and Developer
